

VALI OF BEIRUT IS

No Longer Reshid Pasha, American Minister Asks for His Removal.

His Successor Is Taking Hold With Vigor, and Quiet Is Expected. Cotton Cables Department That He Can Land Marines Quickly.

Constantinople, Sept. 10.—United States Minister Leishman has presented a demand to the Turkish government for the dismissal of Reshid Pasha, Vali of Beirut, on the ground that so long as he is retained in office the lives and property of Americans in Beirut are insecure. The porte has not yet replied to the demand nor has there been any development in connection with other American claims. The dispatch of Nazim Pasha to Beirut from his post at Damascus is considered a preliminary step towards settlement. Nazim Pasha received a enthusiastic reception upon his arrival at Beirut, a crowd at the railway station cheering him splendidly. The city was then perfectly tranquil. According to the latest telegrams, however, the counsels continue to transact their business with Reshid Pasha, Vali of Beirut.

Reshid Pasha Dismissed.
Berlin, Sept. 10.—A despatch received here from Constantinople says Nazim Pasha has been formally appointed vali at Beirut in place of Reshid Pasha, who has been dismissed.

FRENCH
Will Demand Removal of Weak Governor.

Washington, D. C., Sept. 10.—Minister Leishman cabled the state department from Constantinople that the French ambassador has demanded the removal of the governor of Beirut, and that other foreign representatives probably will do the same. Mr. Leishman is vigorously urging the sublime porte to replace the governor by some one more capable of preserving order and of giving more efficient protection to American citizens and interests. In this course he has the approval of the state department. Nothing is said in his cablegram of further disorder at Beirut.

LATE ADVICES

late That Uneasiness Still Prevails Among Christians at Beirut.

Constantinople, Sept. 10.—Beirut advices received here late yesterday, stated that uneasiness still prevails among the Christians there, and that the exodus to the mountains continued at no fresh disturbances had occurred. Rear Admiral Cotton confirmed the reports that he can land five hundred rifles and blue jackets from the Brooklyn and San Francisco, in case of urgent necessity. Nothing is known here about any arrangement made by other powers for sending warships to Beirut. Private advices from Kirk-Kilisise state that while the Turkish regular troops are conducting themselves well, the Albanians are insubordinate and are pillaging and burning villages, and even threatening their own officers when they are ordered not to plunder. Up to Sept. 7, twenty seven battalions of troops had been concentrated in the Kirk-Kilisise district. An imperial order has been issued ordering the evacuation and reconstruction of the ruins of Adrianople, Chatalja, Zernik and the Bosphorus.

NEW PASHA

making Thorough Investigation of Causes Leading to Riot.

Paris, Sept. 10.—Advices received from the French foreign office from Beirut say that Nazim Pasha, the vali of Beirut, is making thorough investigation of the cause of the recent disorder in Beirut, and that he has given assurance to the foreign consuls that he will severely punish the guilty. Under the circumstances, it is added, the British and Italian consuls have decided not to ask for the landing of American marines as (contrary to the Constantinople advices) the excitement has subsided and the Christian refugees who fled, are returning to their homes. The investigation thus far made in the outbreak has shown that the riot participated in looting the shops and houses, the former vali Reshid Pasha, being unable to control the population.

WILL BE THERE AND SPEAK.

Cleveland, O., Sept. 10.—Senator Hanna denied a printed statement to the effect that he had decided not to speak at the dedication of the McKinley monument at Toledo next Monday. As reported, he feared that he would be overcome by his feelings and not do the subject justice. Mr. Hanna said he had no idea of canceling his engagement to speak upon the occasion mentioned.

Many prominent republicans from all sections of the state were visitors at Mr. Hanna's office today. They came generally to discuss republican state campaign, which will be opened at Chillicothe September 19. While Mr. Hanna continues to slowly regain his strength, he is apparently far from well. He is, however, at his office for several hours each day.

LIST OF THE REASONS WHY

B. & O. Men Want Concessions From Manager. Strike Not Feared.

Baltimore, Md., Sept. 10.—General Manager C. S. Sims, of the Baltimore & Ohio R. R., specifically denied this morning that the company had received an ultimatum from its employees. "The employees and officials resumed their sessions this morning," said he, "and will consider the grievances as presented last week. Not one of them is considered important in the general sense of the word. They refer almost exclusively to minor division matters, and their will be no difficulty in arriving at an amicable settlement. During the entire negotiations the best of feeling has prevailed and the committee themselves are exceedingly annoyed that these strike rumors should be given credence. We do not expect a strike and am positive that none will occur."

The committee on grievances at the head of which is D. E. Cottman, chairman of the general committee of Brotherhood of Railway Trainmen is in closed session this morning. The members of the committee declines to make a statement, but will probably do so later in the day.

The Demand.
Baltimore, Md., Sept. 10.—The demands of the Baltimore & Ohio railroad employees, as submitted by the committee on grievances are 140 in number, 137 are of minor importance and will either be granted, or not insisted upon by the men. The three chief demands are, first that when switching during overtime the men shall be paid both the amounts specified in the agreement for switching and for overtime as well; second, that an extra wage scale shall be applied to all double heading, that is when one crew is compelled to handle the freight cars of a train pulled by two engines. Third, that it be no longer compulsory on them to join the relief department, the men objecting to the insurance terms offered.

These are the grievances which are being jointly considered today by the railroad employees committee and the company officials which include Assistant General Manager Haas, General Superintendent Loebe of Pittsburg, General Superintendent Fitzgerald, and Superintendent Foley of the Chicago division.

WERE ANGRY AT THE PAPERS.

Belgrade, Sept. 10.—A mob made a great demonstration last night against the newspapers which have defended the army officers recently arrested.

The crowd attempted to proceed to the Turkish legation but was dispersed by the police. Many persons were slightly injured.

BIG MEETING AT OPENING.

People of Reserve Centered at Akron to Hear the Candidates.

Home Rule, Equitable Taxation, Special Privileges to None Were the Tocsins of War Given Out for Thought.

Akron, Ohio, Sept. 10.—While there was neither flare of trumpet or attempt made at display in the opening of the democratic campaign here, last night, by Tom Johnson, it was exceedingly flattering. A tremendous crowd turned out to hear him, and all attracted by a desire to learn what the issues are in the great state of Ohio. Mr. Johnson spoke intelligently and forcibly on the three great questions involved in the Ohio battle, and these he classified under the head of rule, equitable taxation, and the unholy alliance between certain managers of the republican party, and owners of valuable special privileges.

In part Mr. Johnson said: "No one denies that every locality should have the right to control its own local affairs. The justice of local self-government is universally conceded. This is also true of equitable taxation. And no one claims that we have either local self-government or a system of just taxation."

"At the present time, the tax burdens fall most heavily on the farmers and small home owners and renters. Do not think you are not a taxpayer because you do not pay at the court house, for you pay your taxes when you pay your rent."

"Don't imagine you have home rule because you have the right to vote; it depends on what you have the right to vote for. The more government you have from Columbus, the less control you have over your own affairs; the greater the power of the railroad lobby the more you will have to pay in taxes and in railroad fares; the more subservient the state officials are to the privileged interests, the greater injustice to you."

"The small property owners are now taxed on anywhere from 60 to 80 per cent of the value of their property, while the steam railroads, the street railroads, the owners of other valuable special privileges pay on only from 10 to 30 per cent of the value of their property. Thus you see you pay two-thirds of the taxes they ought to pay."

"The steam railroads in Ohio alone escape every year over \$4,000,000 in taxes, which they ought to pay. This means, my friends, that you have to pay \$4,000,000 more taxes than you would if the steam roads were taxed on the same basis that you are."

It is rarely the case that the opposition is forced to concede the merits of two of the principal questions for which you are contending. In this campaign the opposition wants to talk national issues, not because they are more important, but because the merits of the local issues raised by the democratic party is conceded.

Some men will deny that there is a corrupt alliance between some republican leaders and the owners of valuable special privileges in this state. But our hope of success not only for the democratic party, not only for the government of the state of Ohio, but our hope in republican institutions rest on this fact: that when the people realize the existence of this conspiracy they will not only resent it but, by their votes, destroy it. Such bargains and intrigues cannot stand exposure."

"The city of Cleveland furnishes an excellent illustration of the issues of the democratic party in this campaign. Mr. Johnson was followed by Hon. John H. Clarke, who made a strong and able address."

WILL NOT GRANT REQUISITION.

Harrisburg, Pa., Sept. 10.—Governor Pennypacker today declined to honor the requisition of the governor of Maine for the extradition of Harry L. Brown, who is wanted at Portland, Me., to answer charges of embezzlement. The governor bases his refusal on the fact that Brown has not been indicted. Brown is under arrest in Philadelphia.

OCEAN LINER MADE NEW RECORD TIME.

New York, Sept. 10.—The American Line steamer Philadelphia, which arrived at Southampton yesterday, made the passage from New York in 6 days, 13 hours and 33 minutes, which is two hours and eight minutes better than her previous best eastward record. The French Line steamer La Lorraine, arrived at Havre at 3 o'clock this morning from New York. Time of passage 6 days, 9 hours and 47 minutes; one hour and 13 minutes less than her best previous record eastward.

LOOKS

Goods for County Fair.

A Fine String

Of Horses Will Be Here for Next Week

And the Association Stands in a Position to Break All Records.

Children's Day on Saturday Will Be a Happy One for the Little Folks Who Will Enjoy the Novel Mule Race.

Unless every sign fails, next week will be the biggest and best time in the history of the Allen county fair. The assurance of a fine race meeting, aside from the usual attractions of interest to every farmer, is sure to be a drawing card that will attract a paying attendance for every day of the fair. Scarcely will the gates close behind the Driving Park Club's four days' meeting than renewed activity will be noticed and the energy which means a successful fair will begin.

George Fetter and Kirby White have charge of the speed ring and that department has been especially well cared for. Mr. White states that there has been no trouble in securing the finest string of horses ever quartered at the grounds for a fair event and that there will be some hotly contested heats for the purses which amount to \$3,500. Each person entering a mule will receive \$1 instead of paying an entry fee and \$5 will be given the winner.

The program for each day has two harness and two running events, while on Saturday, which is to be given over to the children, a running half-mile race for mules will be a special attraction. Saturday will be a great day for the little ones.

The full program includes 16 races with the mules added. Officers have been chosen for the meeting to look after the races, whose judgment can be relied on and will be as follows: Tom Sullivan and Dr. Blattenberg, judges; Mr. Connell and McDougal Emmet, timers; Frank Horner and Wm. Klingner, clerks. J. H. Pringle, of Cardington, starter of the harness races and G. A. Rumbaugh of the runners.

There will be none of the usual waits and delays, as it is the intention to start every race at 1 o'clock standard time.

BANK FAILED TO OPEN DOOR.

Willoughby Financial Concern in Hands of Receiver. Had Bad Paper.

Willoughby, O., Sept. 10.—The bank of Willoughby failed to open today and a notice of suspension was posted on the door to the banking room. The suspension is said to be a direct result of the failure of the Mexican Clay Manufacturing Co., for which a receiver was appointed late yesterday in Cleveland with debts aggregating \$1,000,000.

The bank held much of the Mexican company's paper. No statement of the bank's assets and liabilities has, as yet been given out. The Citizens Savings and Trust Co., of Cleveland, has been appointed receiver.

MAKING AN EFFORT

To Stop Brutality of Officers Toward Germany's Private Soldiers.

Sergeant Schott Sentenced to Year's Imprisonment for Flogging, Horse Whipping and Kicking Subordinates. There Have Already Been Eighty Convictions.

Berlin, Sept. 10.—Paragraphs similar to the following appear almost daily in the provincial press: Cologne—The court martial of the fifteenth division has sentenced Serg. Schott to a year's imprisonment and degradation for flogging privates and horsewhipping them. Twelve artillery men were sentenced to short terms for assisting him."

There have been eighty convictions of sergeants for abuse of private soldiers during the last three months and about two hundred court martials are pending.

The administration of the army is making the most determined efforts to stop these brutalities which Herr Liebel, the socialist leader, detailed as ferocious in a three hours' speech, in the Reichstag in the spring. The weak reply of General Von Gossler on the following day probably lost him his place as minister of war. It has long been the theory of military that a little rough treatment was good for privates. The emperor never shared these views nor countenanced the cruelties practiced.

HIS FRIENDS FURNISHED BOND.

New York, Sept. 10.—Under bonds furnished by friends in this city, Sam Hosang, a wealthy Chinese merchant of Demarara has been allowed to land here.

Hosang is a British subject and was born on the island but was held up by the immigration officials, under the Chinese exclusion act. He was retained on ship board nearly a week.

WANT A SEAT AT THE TABLE.

Mining Men Will Ask Congress for a Department of Mines.

South Dakota, Sept. 10.—The American mining congress has transferred its sessions to the city of Lead, about four miles from Deadwood. On motion it was decided to read resolutions which are to be submitted to the congress for action. Among these was one submitted by Edward F. Brown of Denver to petition the congress of the United States to pass a law forming a department of mining which should have the same standing as the department of commerce and

labor, to be administered by a board appointed by the president and who should take his official place as other members of the president's cabinet. A resolution was submitted by C. L. Dignowity, delegate from Pennsylvania asking the mining congress to petition Andrew Carnegie to build a suitable and permanent building at Washington D. C. for the exclusive benefit of the mining interests of America. Resolutions were referred to the committee.

COURT FINDS THREE HAD ADDED PERJURY.

Louisville, Ky., Sept. 10.—A special jury from Cynthiana, Ky., says "The Harrison county grand jury today returned indictments against "Tricky

Jim" Beck, Geo. Bollinger, and C. C. Adams, for perjury. They testified in the recent Jett-White trials here, attempting to prove an alibi for Jett. Warrants have been issued.

BOOKS WERE MOVED WITH

Idea of Bringing System of Economy Into Management of Affairs.

Philadelphia, Pa., Sept. 10.—E. H. Sanborn, vice president of the Consolidated Lake Superior company today made public a statement answering the criticism of the company's action in removing the books of the corporation from this city to Sault Ste. Marie, Canada. The officials of the concern gave the stockholders permission to examine the books, but when counsel for the stockholders visited the company's office here he was informed that the accounts had been transferred to the company's office at Sault Ste. Marie. Mr. Sanborn's statement is, in part, as follows: "When Mr. Shields was elected president of the Consolidated Lake Superior company in April last one of his first steps was to close the expensive offices in this city and transfer all of the accounts to the works at Sault Ste. Marie. There was no secrecy or mystery about this removal, but it was published in the papers at least two weeks before the change was made and was commented upon several times as a commendable move in the direction of a more economical administration of the company's affairs. This action of five months ago has been ingeniously distorted into a surreptitious spiriting away of records within the past few days."

Truth About Morris Matter—Short Biography of Mrs. Masol.

Blessings and "Kicks" Registered by Those Interested—A Few Notes of Doings of South Side Folks.

Several times in the past week, the question has been asked, "Who was this Mrs. Inez Mason, who died a short time ago?" and "What do you know about her?"

Mrs. Lucy Mason was the wife of Thomas Mason, a carpenter, who came to Lima about seventeen years ago. They were married in Hardin county, Sept. 11, 1884, by justice of the peace, A. R. Scott, and the license issued by Judge J. E. Lowry, of this city, who was probate judge of Hardin county at that time. Mrs. Mason died suddenly at the home of John Miller, 413 south Central avenue, August 25th. Her husband deserted her about eight years ago, and being an invalid, she has since been taken care of by kind and loving neighbors, who at her death provided interment in Woodlawn cemetery. Since her death, a Mrs. Sophia Riaser obtained permission of probate court to sell all her personal effects in order to provide a marker for the grave. The sale was held Tuesday, and brought a neat sum which will be added to a small bank account left by the deceased, for the above purpose. Mrs. Mason for some time prior to her death, made her home at 930 Reese avenue.

Was a Dirty Shame.
Again the back woods barbarous custom of "bellying" newly wedded people has caused trouble. In justice to Mr. Ira Morris, who was recently married, a correct account of which was given in the Times Democrat, we wish to say that the report in the morning paper on the bellies "is untrue." Mr. Morris says he has treated his customers and callers to candy and cigars and had put aside a bucket of candy for the children, but that when a crowd blockaded the entrance to his place of business, he objected and did send for the police. Your writer can truthfully say that cigars and candy were passed around and that the Morris neighbors take no stock in the report to contrary.

Were Quietly Wedded.
It has just come to light that Mr. Charles M. Forbes and Mrs. Adeline Barome, were quietly married last Saturday evening, at the residence of Mrs. Frank Matthe, on west Kibby street. Mrs. Barome was the widow of Marion Barome.

Much Afflicted Family.
Sickness seems to have a grudge at the family of U. B. McKinnon, on Madison avenue. At present, the father is in very poor health, a daughter, Miss Beattie, is afflicted with typhoid fever, and the 7 year old son yesterday was taken down with the same disease.

Good Fresh Water.
Neighbors along Tanner avenue, between Second street and the Chicago and Erie railroad have taken up a subscription for, and are drilling a well to be used by the general public. Lima has a scarcity of this particular kind of blessing and the efforts of these enterprising neighbors will be greatly appreciated.

Gone Out of Business.
Harry Mauk has sold out his entire stock of groceries, near Circular street and will embark in other business, but has not decided his future location.

Privilege Abused.
For several years Robert Reed, of

Miss Agnes Miller, of Chicago, speaks to young women about dangers of the Menstrual Period—how they can avoid pain, suffering and remove the cause.

"I suffered for six years with dysmenorrhea (painful periods), so much so that I dreaded every month, as I knew it meant three or four days of intense pain. The doctor said this was due to an inflamed condition of the uterine appendages caused by repeated and neglected colds and feet wetting. "If young girls only realized how dangerous it is to take cold at this critical time, much suffering would be spared them. Thank God for Lydia E. Pinkham's Vegetable Compound, that was the only medicine which helped me any. Within three weeks after I started to take it, I noticed a marked improvement in my general health, and at the time of my next monthly period the pain had diminished considerably. I kept up the treatment and was cured a month later. I am like another person since I am in perfect health."—Miss Agnes Miller, 25 Potomac Ave., Chicago, Ill. —\$5000 forfeit if original of above letter proving genuineness cannot be produced.

The monthly sickness reflects the condition of woman's health. Fifty thousand letters from women prove that Lydia E. Pinkham's Vegetable Compound regulates menstruation, and makes those periods painless.

South Main street, has permitted the public to "come and partake of water freely" at his home, but unless the carelessness, and sometimes downright meanness, of some few patrons cease he says he will be compelled to lock the pump. Besides the destruction of tin-cups and other property, several young chickens have been killed and carried away.

Was a Success.
The social given at the E. A. Dean residence on south Elizabeth street, by the ladies of the south side church of Christ last evening was a decided success, both socially and financially.

A Bit of Detective Work

[Original.]
"Here, Crane," said the chief, tossing me a note, "is a job for you."

Jarvis, the bank robber that you're looking for, is going to give you the slip by leaving the country. He takes the 10:30 train tomorrow for Philadelphia from the Jersey City Pennsylvania depot and will sail the same evening on a tramp steamer. His mother goes with him.

The note was written in a woman's hand and it seemed probable that some companion with whom he had become antagonized had given him away. I took an assistant along and an hour before train time went to the depot on the Jersey side and sat down in the spacious corridor railed off from the trains to wait and watch. Ten minutes before train time a woman about sixty years of age passed through to the train, and as there was something in the way she looked about her that attracted my attention I concluded to follow her, leaving Burton, my assistant, to watch outside till the train was about to start.

The woman went into an ordinary passenger coach and sat down, depositing her bundles beside her. She seemed to be anxiously looking for some one, and when the train pulled out of the station, that person not having appeared, she made a frantic rush to get off. But the train was by this time moving pretty rapidly and a brakeman, catching sight of her, stopped her. Then she went back to her seat and began to cry.

"What's the matter?" I asked. "My old man's gone and got himself left. He was to meet me here to go to Philadelphia. I'm afeard some'n's happened to him."

"Maybe he's on the train some're," I replied. "What kind of a looking man is he? I'll hunt him up for you." "He's purty old, my man is. No hair 'cept patches of white hairs behind the ears, white beard under his chin and wears green glasses."

"All right, I'll find him for you if he's aboard."

Glad of an excuse to inspect the passengers, I got up from my seat, and went into the next car. Directing him to I had posted Burton. Finding him to search the cars ahead I searched those in rear. We both scrutinized everybody, but when we met we had seen no one answering the description or exciting the least suspicion. I went back to the old woman and told her I feared her husband had really got left.

"What's the first stop?" she asked. "Trenton, and that's the only stop of this train. Will you get out there?" "I dunno. I dunno what to do."

The great danger now was that our man if on the train might elude us at Trenton. I posted Burton in the forward part of the train while I took a position in the rear, arranging with him that as soon as the train stopped we were to jump off, move back on the platform to a point where those getting on and off would not intercept our view of each other and scrutinize every one.

When the train rolled into the station we did as we had agreed, but neither of us saw any one get off exciting the least suspicion. We kept up the watch till the conductor signaled the engineer to pull out, and at the moment we were about to step aboard a well dressed gentleman whom we had noticed on the train entered in his newspaper jumped from the car platform and with the agility of a cat ran to the exit. Quick as thought I signaled Burton to get on the train while I turned and ran after the fugitive. He led me quite a long chase and it would have been longer had I not signaled a cop on the street just as the runner passed him. This ended the pursuit and in a few minutes I had a pair of bracelets on the gentlemanly man who had so long fooled us on the train.

As soon as I got him to the police station I took out a photograph of Jarvis and compared it with my captive. There was nothing very rugged about either man or photograph, though I did not doubt from the resemblance that the one was a likeness of the other. The original was of a more delicate cast of countenance than the picture, but this I attributed to the refining makeup which was for a gentleman.

"Well," he said despondently, "you've got me. I done my best to beat you. I couldn't stay any longer in New York. You had me cornered."

A telegram from Burton at Philadelphia that I had my man. He was not to risk anything by arresting the old woman unless he had proof of her complicity with Jarvis. This was the same as ordering him not to trouble her, for there was no evidence whatever against her.

I was several days waiting for extradition papers from New Jersey to New York. Just before I was ready to leave the matron of the jail came to me with a curious look in her eye.

"You won't be allowed to take the prisoner out of the state on the papers you have," she said.

"Why not?" "Because they call for a man."

"And whom do I propose to take if not a man?" "Well, if you take the person you brought here it'll be a woman."

"What?" "Jarvis sent for me this morning and proved to me conclusively that the papers committing him or her were illegal, since they state the sex incorrectly. She demands her release."

Well, that ends the story. The old woman was Jarvis himself, and my catch was his sister, who resembled him. She had got off at Trenton on purpose to enable her brother to elude us. Jarvis smiled and was never again seen in America. Who gave us the information we never discovered.

CLARENCE STORMS SHAVER.

TAKE A VACATION.

Take a vacation. Everyone. Let up long enough during the hot weather to get away from your work, if only for a few days. A vacation will do untold good if you take it in the right way.

If you are a very busy man or woman and can get away only for a few days of a week or two, don't rush off to some fashionable watering place to wear yourself out trying to keep pace with the enervating rounds of society.

What you need is rest and recreation.

Don't race across the continent to find a mountain or a lake if there is one near by. A long trip to the cars in hot weather is a great nuisance. You are tired and worn out before you get there, and in just the right condition to grumble and find fault with everything and everybody. By the time you rally from the trip and begin to feel the exhilarating effect of mountain air or salt breeze you have to begin the journey home. When you get home you are completely knocked out, feeling worse than when you started.

But take a vacation. You tired business man, you weary housewife, you overworked saleswoman, you nervous office girl. Manage somehow to take a vacation.

Let your business run itself for a while. Let your house get dirty once. Let it go and take a vacation. You will live all the longer for it. Your business will not suffer and the house can be cleaned. Far better for the clerk and the typewriter girl to do without that expensive party dress and take a vacation. It will drive away the wrinkles and coax back the roses.

Get away from your work for a while. Get out in the open country, or on a hill-top, or along the lake shore and let the breezes blow the cobwebs out of your brain. Stir up your torpid liver and start that sluggish circulation. Expand your lungs and breathe. Open your eyes, look around you and see what a glorious world you are living in. What a big world it is. What a whole lot of people there are in it besides yourself.

As the cobwebs blow away you will begin to wonder how you could have been so irritated when your stenographer was late, or when the servant girl broke that favorite dish. How you could have harbored those little envies and jealousies, that hatred and revenge. Those mountains of trouble and annoyance will dwindle down to mole-hills. You will see them as through the little end of a telescope.

Take a vacation. You owe it to yourself. You owe it to your neighbor, to the one who must associate with you. You are grumpy and cross and irritable. Get out in the open.

In the great outdoors. Lie in the shade. Roll on the grass. Wade in the water. Let the sunshine and the fresh air renovate you and make you over rejuvenate you and reinvigorate you.

It will wake up dormant faculties. It will sharpen your appetite. It will quicken your brain. It will put new life and vigor in you.

Go with the expectation of having a good time. Refuse to notice any inconvenience or slight discomfort. Make a joke out of every mishap. Resolve to enjoy everything good or bad. Give yourself over to nature. Relax and forget all your business cares and household worries. Just simply vegetate for a while.

Take a vacation and you will come back to your office or your household with a keener appreciation of life, a higher ambition, a greater love and zest and enthusiasm for your work. You will come back renewed in body and soul and spirit. You will come back a stronger, broader-minded man, a wholesomer, more lovable woman—Medical Talk.

Emergency Medicines.

It is a great convenience to have at hand reliable remedies for use in cases of accident and for slight injuries and ailments. A good liniment and one that is fast becoming a favorite if not a household necessity is Chamberlain's Pain Balm. By applying it promptly to a cut, bruise or burn it allays the pain and causes the injury to heal in about one-third the time usually required, and as it is an antiseptic it prevents any danger of blood poisoning. When Pain Balm is kept at hand a sprain may be treated before inflammation sets in, which insures a quick recovery. For sale by all druggists.

Sour Stomach.

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let five hours elapse between meals. Eat when you feel a fullness and weight in the region of the stomach after eating. Take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided. For sale by all druggists.

White Going Abroad.

Ithaca, N. Y., Sept. 10.—Andrew D. White, formerly ambassador to Germany will go abroad about the middle of October to remain until spring. He will leave Ithaca Sept. 15, to visit his daughter at Purdue University, and also will take a trip to Michigan University and Chicago before he starts on his trip to Europe.

It Saved His Leg.

F. A. Danforth of LaGrange, Ga., suffered for six months with a frightful running sore on his leg, but writes that Huckle's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25 cts. Sold by H. F. Vortkamp, corner Main and North streets, druggists.

WONDROUS MECHANISM.

The other evening we listened to a recital by an eminent pianist. The wonderful development of piano technique goes beyond our powers of expression. The torrent of notes, trills, quivers, in swift accuracy as the deft fingers chase each other up and down the keyboard so marvelously.

We wonder at the dexterity of the player. Then we begin to wonder at the instrument that could so faithfully produce the sounds in obedience to the player's touch. What nice mechanism. What absolute precision of action. A first-class piano must have in order to respond to the faintest touch of the player's touch that the player can give long notes, short notes, quick notes, half notes, runs with such inconceivable rapidity that it seems like one continuous glide of musical sound.

The natural elements were limited, storms and rivers, winds and oceans—all through that wonderful instrument, the piano. The song birds were imitated, the hum of industry, passion and pathos, anger and sorrow, regret and despair, all found perfect expression in the touch of the artist, brought into concrete expression with that king of musical instruments, the piano.

And still we sat wondering. The player seems to us a magician. The piano a marvellous contrivance. But, after all, what had been accomplished except to set the atmosphere into thrills which were conveyed to the human ear. The ear must take up all these thrills and convert them into the entrancing music to which we had listened.

All our wonder was transferred to the human ear. What a wonderful mechanism the ear must be to gather these sounds and record them, never missing a note, never skipping a chromatic. Every chord and discord, every quaver and trill was caught and made prisoner by the vigilant ear. From the booming bass of the lower register to the rippling treble of the upper register, every note found in the ear a sensitive fibre which responded with perfect accuracy.

What a wonderful contrivance the human ear must be. No musical instrument can tax its resources. No symphony of the masters of music can demand of the ear too much. A thousand dollar piano can produce no notes that the ear cannot detect and record. Add together all the musical instruments that the genius of man has been able to invent, bring into one place all the sounds these instruments can produce, take into consideration the variety of pitch and tone and timbre of all sounds—none of these thrills seems to puzzle the human ear.

The prince and the pauper alike have this wonderful instrument at their disposal. No man is so poor, no man is so ignorant or so obscure but he may have all the benefits that can be gathered from the world of sound by the human ear.

Only those who have lost wholly or in part the use of the ear fully appreciate the wonderful contribution it makes to human happiness. The care of the ear during childhood has not commanded the attention of parents as it will in the future. To box a child on the ear poke into the ear a pencil or any other instrument, carelessly drop medicine into it to cure earache, none of these things would ever be done if every one places the proper estimate upon this most wonderful of all human organs.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble."

Theatrical Recollections.

"You do not take much interest in baseball?" "No," answered Mr. Stormington Barnes. "I never could understand why it should be so hard to throw a ball straight when it is so easy to send an egg straight to the mark."—Washington Star.

When troubled with constipation try Chamberlain's Stomach and Liver Tablets. They are easy to take and produce no gripping or other unpleasant effect. For sale by all druggists.

ITS NAME IS ITS FAME
LIFE PLANT

THE greatest of all known remedies for the positive cure of all diseases of the STOMACH, LIVER, KIDNEYS and BLOOD. It is nature's own remedy and acts in accordance with her laws.

Do you suffer with INDIGESTION—are you distressed after eating—does a torrid liver make you feel miserable—out of sorts—at variance with the world? Do the kidneys fail to perform their duty, giving backache and general lameness? Are you all worn out?

LIFE PLANT will relieve quickly and cure permanently—no disappointment—no failure—it has cured thousands of others—it will cure you.

Rev. J. H. Merchant, Pastor M. E. church at Freeport, C., writes under date July 10, 1936: "I take pleasure, and do not hesitate to recommend Life Plant as an excellent remedy for Liver and Kidney afflictions. Mrs. Merchant desires to bear testimony to the healing virtues of Life Plant, as a sure and certain remedy for Rheumatism."

THE WEATHER.

Washington, D. C., Sept. 10.—For
Ohio, rain, cooler tonight, except fair
in extreme northwestern portions;
Friday, fair, cooler in central and east
portions.

No word has come that Herriek has
or will resign any of his directorships
in railroad corporation.

Machen is fulfilling the scriptural
injunction in a way to create envy in
the vilest sinner. He has many a
"charge to keep" him busy for awhile.

Automobile racing is getting to be
almost as dangerous as foot ball. Still
yesterday was an off day. Only two
men, who were on the spectator's line,
were killed by machines over which
the drivers lost control.

There is a little confusion in Serbia,
and some trouble in Turkey, but they
are as nothing when compared with the
disturbance and fear that prevails in
the home of the great breast of the
big boss of the republican party in
Ohio.

The Marcus A. Hanna who is asking
the people of Ohio to elect a republi-

can legislature, and return him to the
U. S. senate, is the same Marcus A.
Hanna who has been trying, in still
trying, and will continue in his efforts
to foist a ship subsidy on the Ameri-
can people.

Perry Heath has celebrated the time
limit, by finding a fine body of coal in
Wyoming. Hanna is reported in with
him, and when the mine is fully open-
ed up, Estes G. Rishbone will be
made superintendent. Nothing but
common labor bearing the Cuban
stamp will be employed, except pos-
sibly Neely.

Ever since the democratic state
convention, the republican press of
Ohio has engineered a split in the
democratic party with Hon. John W.
Bookwalter, at its head. The plan got
ditched, and now the same press is
abusing him for what it calls "open-
ing his barrel," because he made a
campaign contribution to the demo-
cratic state committee, so there is no
use talking, we can't please them.

LIMA IS IN LIT.

Seventy-one cities of Ohio are in
danger of being wrecked on the finan-
cial shoals by reason of the new munici-
pal code. And yet the Hannaites
enter the Ohio campaign by endorsing
the new municipal code.—Mansfield

MARKETS.

New York, Sept. 10.—Moderate buy-
ing orders were executed in the west-
ern stocks at the opening and Union
Pacific, Rock Island, Mo. Pac. and St.
Paul responded with good fractional
advances. Atchison was bought heav-
ily, but fluctuated narrowly. The
specialties were neglected outside of a
few transactions in the local trade on
stocks at unimportant price changes.
Norfolk and Western advanced a
point.

New York, Sept. 10.—Standard
stocks showed more steadiness during
the second hour when offerings slack-
ened. Brooklyn Transit rallied large
fractions, but the general list was
held in check by the continued selling
of U. S. Steel. The large sales of U. S.
Steel by leading operators was attend-
ed by the old humor which does serv-
ice everytime the stock is heavily
sold. Colorado Fuel advanced 2.
Smelting preferred and Sheffield Steel
lost 1, and New York Air Brake 3
points. Bonds were dull and irregu-
lar at noon.

Blocks of from 1000 to 6000 shares
of United States steel were liquidated
in the final hour, driving the common
stock down to 30 1-8. The weakness
of these stocks permeated the general
list again, and there was a reaction to
about the lowest prices of the day.
The movements in the railroad list
were not of much importance, most of
the effective pressure being directed
against the specialties. The closing
was dull and weak.

Man Who Attempted to Rob H. M. Col-
vin Goes to the Works for a
Term of Six Months.

Mayor Robb handed out a sentence
today that should serve to convince
the members of the light fingered frater-
nity that Lima is no safe harbor
for their operations. James Mam-
moth, the race follower who was cap-
tured when he had one of his hands
in H. M. Colvin's pocket was senten-
ced to a term of six months impris-
onment in the Toledo work house and to
pay the costs of his prosecution. He
did not steal anything from Mr.
Colvin because he was detected too
soon—and consequently a charge of
assault and battery was considered
the most applicable to the case. He
pleaded not guilty when arraigned
yesterday afternoon but changed the
plea to guilty today.

Used An Axe.
Chief Mills went to Haviland,

Paulding county last night and return-
ed this morning with Van White, a
colored resident of west Elm street,
who was wanted on a charge of as-
sault and battery. White had trouble
with a colored neighbor named John
Oglebee Monday evening and the lat-
ter carries a very seriously injured
arm which he claims White chopped
with an axe. The prisoner pleaded
not guilty today and his case was set
for hearing Saturday.

Other Cases.
Henry Huffman, charged with loiter-
ing was sentenced to 10 days impris-
onment and the sentence was suspend-
ed.

Joseph Heffner a stationary engi-
neer pleaded not guilty and the case will
be tried tomorrow.

REFUSED TO HALT AND SOLDIER SHOT.

Alleged Purloiner of Copper and Lead Shot by
U. S. Man. Commander Refuses to Give
Him Up to Civil Authorities.

Pittsburg, Pa., Sept. 10.—William
Crowley, of Monaca, Pa. was shot in
the groin today, by a soldier at the
United States arsenal. He was re-
moved to the west Pennsylvania hospi-
tal in a serious condition, and a dis-
pute is on between the police authori-
ties and the commander at the arsenal
concerning the arrest of the soldier
who did the shooting. The thefts of
copper and lead from the roofs of the
barracks have been frequent of late.
It is alleged that Crowley with several
others, were detected removing the
copper. Crowley refused to halt when
commander and the soldier shot him.
The others escaped. The police au-
thorities demanded the arrest of the
soldier, but the commander at the bar-
racks refused to surrender the man.

LEICHMAN HAS THE RELEASE OF AMERICAN.

Washington, Sept. 10.—Minister
Leichman has cabled the state de-
partment that he has secured the re-
lease of Abdul Kader Mahiney, a na-
turalized citizen of the United States,
born at Tripoli, Syria, who soon after
returning to his native country in 1901,
committed an offense for which he was
sentenced by the consular court of the
United States at Beirut to a term of
six months in the Smyrna jail. In the
early part of the current year, he was
arrested at Tripoli, and condemned
by the local court for the same offense,
to three and half years imprisonment.
Minister Leichman promptly protested
against this violation of the rights of
an American citizen.

WAS FATALLY SHOT WHILE RESISTING AN

Officer Who Had Arrested Him for Violation of
Law in Keeping His Saloon Open
on the Sabbath Day.

Murray City, O., Sept. 10.—John
Mamet, a saloon keeper, was fatally
shot last night by Marshal R. A. Sur-
tees, and saloon keeper G. W. Van
Sickle and William McComb, the lat-
ter's bartender were wounded. Sur-
tees was wounded in the wrist. Mamet
was arrested by the marshal on a
charge of keeping his saloon open on
Sunday. When the men met later,
Mamet, it is said, at once drew his
revolver and shot pon. blank at Sur-
tees. Surtees returned the fire, hit-
ting the saloon keeper in the abdomen,
once in the breast, once in the hip and
once in the head. Van Sickle was shot
in the thigh and McComb in the hand
by Mamet, while they were trying to
take his revolver away from him.

IRON TRADE REFLECTS HIGH PRESSURE OF 1902.

Cleveland, O., Sept. 10.—The iron
trade review this week says: The
iron trade still presents strong con-
trasts to the high pressure conditions
of 1902, yet the volume of business
will compare favorably with what
it has been in ordinary times.
Resistance to any pressure that
would carry prices measurably below
the present level, is apparent in both
pig iron and finished material, yet
there is no positive development to
give assurance that the present level
can be maintained. Contract buying
is of such small proportions as to
give little clue to the requirements of
consuming interests. The effort of the
southern furnace to secure a reduc-
tion of 50 cents in freight to the Ohio
river, was unsuccessful, the railroads
answering that the time had not yet
come for such a concession. Similar
freight reductions would have been
asked from northern roads. At pre-

GREAT ARRAY OF ATHLETES.

Famous Milwaukee Running Over With
Strength That Isn't Frothy.

Milwaukee, Wis., Sept. 10.—The
greatest array of amateur athletes of
this country and Canada ever assem-
bled in the west, are in Milwaukee to-
day, the occasion being a two day's
meet for athletic honor under the
auspices of the National Amateur
Athletic Union. Today's card con-
sists of the junior events, the senior
contests being on tomorrow's pro-
gram. The junior contests are for
athletes who have never won a nation-
al championship, or a first at any in-
ter-collegiate meet. The track and
field selected for the championships.
A few miles north of the city. Much
work has been done during the past
two weeks to make the conditions the
best possible, but owing to yesterday's
heavy rain, the track is soft and no
breaking of records is expected. Early
in the day, the weather was cloudy,
with indications of clearing up. Presi-
dent Leguener stated that in the ab-
sence of rain, the day's events surely
would be contested. The meet is
scheduled to be begin at two o'clock
this afternoon. In the 100 yards dash,
Molson, of Montreal, Robertson, of the
Greater New York Irish Athletic As-
sociation, are the favorites. Robert-
son and Stevenson are also booked to
win in the 220 yard dash. In the 440
yard run, Hiltman, of the New York
Athletic club, and Pettit, of the First
Regiment Athletic association, Chi-
cago, are looked upon as winners. Ca-
hall, of the University of Chicago, and
Bacon, of the Greater New York Irish
A. A., are among the favorites in the
880 yard run.

BLEW UP EDITOR'S HOME WITH DYNAMITE.

Berne, Ind., Sept. 10.—The home of
Fred Roberts, editor of the Berne Wit-
ness, was almost demolished by dynamite
last night. The explosion occurred at
about 11 o'clock, and the house was
blown up in two places. The dynamite
was hidden in the cellar, and the ex-
plosion was heard for miles around.

RACE MEETING CLOSES TODAY.

A Game Field of Horses Fought for the Events of Yesterday.

Today closes the Lima Driving Club's initial meeting, and it has been a season of enjoyment for a large number who have been in daily attendance. It is not necessary to disguise the fact that, aside from the long-to-be-remembered Dan Patch day, the week has not been up to expectations, although there was a much larger crowd present this afternoon than either yesterday or the day before.

Only those who sat through yesterday's program knew what those who were not present missed, as there were one or two spectacular features not down on the score card. The hair-raising accident in the 2:25 pace, and the questionable work of one of the drivers in the free-for-all pace, tended to add spice to the excitement attending some magnificent racing, and the judges for once were called upon to use the best kind of discretion in the disputed contest.

The unfinished 2:15 pace was the first event to be settled, and Tony Faust had no trouble in adding the third and winning heat to the two he took on Tuesday. Daisy Elder finished second.

2:20 Trot.

A field of six came to the stretch in the 2:20 trot and Sable Kid looked good for the heat, getting away nicely to the front and at the quarter had several lengths between himself and the field. He had used all his speed in the sport however, and Gold Lace and Miss Otis gave an exhibition of fine racing. At the three quarters four of the field disputed for the pole, but Gold Lace was hugging it close and was driven home with the heat she had to keep her nose ahead of Miss Otis. Sable Kid went to the break but got his stride in time to finish third ahead of Onway.

Nora Rose proved to be a bad actor and in both the first and second heats needed a jockey in the saddle. It required repeated scoring to get the field off, and another contest between Gold Lace and Miss Otis made the race interesting. The latter had the lead, and looked like a winner, but Gold Lace proved to be a good finisher and chased the sorrel mare down the stretch with Onway clinging to his side. The three horses made a grand burst past the judges' stand with Gold Lace a neck to the good and Miss Otis less than that ahead of Onway.

The third heat settled the dispute, Gold Lace proving to always have just the bit of speed to spare necessary to cut down anything in front of him. Onway made another game effort but was only able to head off Miss Otis at a critical moment. Following is the summary:

2:20 Trot. Purse \$400.

Time—2:20 1-4; 2:20 1-4; 2:20 1-4; 2:25 Pace.

This race proved the sensation of the week. Friday, driven by F. W. Carr, was coming down the stretch on the first circuit when Colonel C. directly in front, went to a break and the next instant Mr. Carr's sulky collided with the other. There was a crash and the driver went to the ground, while the horse, now madly running, dragged the remains of the sulky all the way round the track. The heat was interfered with and what promised to be a warm dispute between Ah Sin and Electrifier, the favorite, was spoiled, the latter getting a good lead on account of the accident.

The suspense came when Mr. Carr appeared for the second heat with his horse wearing bandages on his right hind leg, which had been cut in several places. Few expected him to be anywhere inside the money, after what had occurred, but Friday proved to be made of the real stuff, and not only won the heat, but the next two and took the big end of the purse. Electrifier was not standing still and the second heat was another of those uncertain finishes which brings those in the grand stand to their feet. Friday led the way home in the second and third and was never headed. Following is the summary.

2:25 Pace. Purse \$400.

Time—2:21 1-4; 2:17 1-4; 2:19 1-4; 2:20.

Free-For-All Pace.

Baby Kid settled the race in short order by taking three straight heats, but the judges were not satisfied with the driving of Elce behind Jelisco and he was taken down after the second. Blondy Hayes being substituted. The change did not alter the result, however, Jelisco never got his stride from start to finish. The opinion was expressed that the harness had been tampered with before the start. The judges kept those who had played the winner in suspense for a time, but after a long consultation awarded the race to Baby Kid and did not interfere with betting on the final result, but declared all bets off on the heat. The time made in the first heat proves that it was one of the fastest the track has known, but is several seconds slower than Baby Kid was marked at when he beat Brown Sam at Ottawa, Ill. In 2:09. Following is the summary.

Free-for-All Pace. Purse \$500.

Baby Kid, b. m. Parker Bros., Decatur, Ia.	1 1 1
Jelisco, g. g. B. B. Rice, Spencer, O.	2 2 3
Pincheon Wilkes, br. g. W. C. Estes, Winchester, Ky.	3 3 2

Allen county has not been supplying its usual share of the new Buckeye production during the past few days, yet the number of new wells are as a rule quite good producers, and when the returns are averaged up it will probably be found that they are doing as well as those in other portions of the pool.

Chevrolet & Stranahan, have a pretty fair producer in their No. 7, on the Wm. Stevens farm, in section 3, of Spencer township, west of the town of Spencerville. It was completed a few days ago and started off with a 24 hour production of 60 barrels.

The United States Petroleum Co. completed another well in the Marion township pool, their No. 6, on the H. Good farm, section 11, and it will make a light pumper. The initial output was 15 barrels.

Henry Weill did not get much of a well at his No. 3, on the J. L. Adams farm, in section 10 of Amanda township, southeast of the town of Conant. It made 10 barrels.

The Oil News Oil Co. completed its 7th well on the J. F. Boone farm, in section 29, of Bath township, east of town, and it is good for about 20 barrels.

The Royal Oil Co. has another of the good Jackson township kind in its No. 6, on the A. Shinnaberry farm, in section 4, of that township, south of Beaver Dam. This well made 90 barrels the first 24 hours after it was shot.

The McKean Oil Co. also has a pretty fair well in Jackson township, its No. 6, on the Mary Herr farm, section 8, making 50 barrels the first day.

The No. 5 Shinnaberry, on the Royal Oil Co.'s lease, which was delayed in completion, was not such a good producer, having but 25 barrels to its credit the first day.

Southeast of town, in section 7, of Perry township, the Ohio Oil Co. has completed No. 15, on the M. Harrod lease, and it will make a small pumper, starting at about 20 barrels.

P. T. Meil, as agent and attorney, completed his second well on the Mummaugh farm, in section 34, Perry, southeast of Amherst, and it is an extremely light well, making but one barrel of oil in 24 hours.

West of Buckland, in Noble township, Auglaize county, the Elgin Natural Gas & Oil Co. completed a test well on the B. F. Montague farm, in the southeast quarter of section 12, and will have a light pumper. The initial output was equal to about 18 barrels.

In section 34, of Logan township, a test well was drilled by J. Gyer on the J. B. Edmon farm, and it is still a smaller producer, making but 10 barrels.

The Equitable Oil Co.'s No. 21, on the J. A. Culp lease, in section 25, of Logan township, was very light, doing but 4 barrels in a day.

Down in Mercer county, the Ohio Oil Co. has finished No. 4, on the John Ketting farm, located in section 33 of Black Creek township, and has a 25 barrel well.

A couple of test wells have lately been drilled in Union township, Mercer, but neither of them will amount to much.

The Frank Drake Oil Co.'s No. 13, on the G. F. Griffin farm, in section 1, Union, was a 20 barrel producer at the start.

Emerson & Stettinheimer had a 20-barrel in their No. 5, R. Severns, in section 3 Union.

The Ush Oil Co., completed No. 2, R. Boroff, in section 1 Union, and it made 15 barrels the first day.

A. M. & B. P. Straight's No. 13, J. P. Hiekernell, in section 12 Union, was a 10 barrel.

Good Ones in Indiana.

The Indiana field seems to be supplying the most wells which from their size, would attract any especial attention.

In Washington township of Blackford county, near Dundee, the Ohio Oil Co., completed No. 6, on the Ishah Wall farm, section 8, and it made 200 barrels the first day.

The Ohio has another good one in section 13, of Chester township of Wells county, its No. 15 on the A. Foust farm making 150 barrels at the start.

Still another to the credit of the Ohio was No. 4, A. Endsley, in section 8, of Van Buren township, Grant county, north of the town of Van Buren. This one is credited with 150 barrels.

The Huntington Light & Fuel Co., has a first class well in Van Buren township, south of the town of Fairville. It was a test on the I. Nelson farm, section 35, and made 150 barrels.

EVIDENCE IS TO BE GIVEN

To Grand Jury in Toto and Reichlin Case Sifted to the Bottom.

Lorain, O., Sept. 10.—All the evidence that has been collected in Reichlin murder case, since the preliminary hearing took place, will be submitted to the grand jury when it meets early next week. Prosecutor Stroup states that the grand jury will be taken to the Reichlin house and given an opportunity to decide whether or not the murderer could have entered from the outside without arousing the big St. Bernard dog. Stroup says that every policeman and every doctor and every one else, who can possibly throw any light on the case will have to tell the jury all their knowledge of it.

FALL

Term of Court Is Near.

Jurors Drawn

To Serve in a Long List of Civil Cases.

Grand Jury Hasn't Very Much to Look Forward to at Present.

But There Is Time Enough Yet to Give the Sheriff and His Deputies New Orders to Take Care of.

The jurors for the fall term of court were drawn yesterday evening, and the following electors of the county will be served a notice to appear for duty:

Petit Jury.

John Growden, Auglaize township; Frank Hohenhour, Lima, second; A. John Thompson, Sr., Lima, fourth; C. Robert Mulholland, Auglaize township; Thomas Phalen, Lima, fourth; E. Jacob Spyer, second ward; R. Michael Gorman, Lima, third; D. John Thomas, Spencer township; Hart Adgate, Shawnee township; W. H. Hoyer, Auglaize township; John Luke, Richland township; Gus Mettler, Lima, second ward; A. B. King, Delphos, first ward; Harmon Stoodt, Jackson township; J. W. Laudick, Lima, fourth; W. F. McKibben, Lima, fourth.

Grand Jury.

Ira Finicle, fourth ward, A. Lima; Lafayette Bowsher, Shawnee township; Howard Williams, Auglaize township; W. H. Stephens, Lima, second ward; Joseph Schofield, Auglaize township; Abdallah Snyder, Lima, fourth; Henry Van Gunten, Lima, third; H. R. Bassler, Lima, third; John Schaffer, Landeck, J. M. Lippincott, Monroe township; John Mayer, Lima, first ward; Robert Hill, Lima, first; G. W. Furlong, Lima, third; Josiah Clawson, Marion township; Marion Clum, Auglaize township.

A Technical Error.

The cause of the dismissal of the case of the state against certain employees of the Lima Locomotive & Machine Works was on account of a technical error, the defendants not having received a copy of the probate court's order, notifying them that they were restrained from interfering in any way with those who remained in the company's employ after the strike. It is questionable whether any further action will be taken, as there hasn't been any sign of trouble about the works since the case was first begun.

ANGEL

Of Death Ended the Illness of Mrs. Nellie Pool.

Daughter of Baxter Trevor Passed Away After Suffering From Typhoid Fever.

Mrs. Nellie Pool, daughter of Mr. and Mrs. Baxter Trevor, passed from mortal life at her late home, 804 south Pine street, at 2:30 o'clock this morning, death resulting from typhoid fever, after an illness of three weeks duration.

The deceased was aged 30 years, 2 months and 18 days, having been born June 22, 1873. She is survived by her husband, Mr. Harley Pool and by a ten months old son.

The funeral will be held from the Pool residence at 2 o'clock Saturday afternoon.

THE IDLER.

"On the Bridge at Midnight," which was given at the opera house last night carried several train loads of scenery; had many thrilling climaxes in which everybody was saved from impending death; had a company of rather capable people, and the whole performance would have been acceptable and creditable had it not been for the grand denouement in which a blind mother recognized her long lost, stolen daughter, by a strawberry mark on her left arm. That particular climax in the play was so original and intense, a few of the audience had not recovered at two o'clock this afternoon. Why playwrights will continue to disturb the nerves of people who pay the price to see the production of their strong mentality, by preparing such toad under a harrow summit, is more than the idler can tell.

L. J. Keppler, who is fitting up the saloon formerly occupied by Alex. Frankel, was relieved of about \$15 worth of new glassware, yesterday, which he had in boxes in the cellar. He is positive he knows who the guilty parties are, and says the glasses were carried out by two men who had been employed to do some work in the cellar. He expects to have the property returned without the necessity of prosecution.

Mr. O. C. Dilley, an old time Lima printer and one of the best, is in the city visiting friends and relatives. For several years he has been in the south, a portion of which time he was on the Atlanta Constitution. He is now connected with the business management of a large job printing house in Chattanooga, Tenn.

Major Delmar put a kink in the gelding record yesterday by trotting a mile in 2:01½ on the Syracuse, N. Y., track.

FOLDS

Of Old Glory Again Unfurled

O'er the Heads

Of Men Who Fought in the "Sixties."

Reunion of the One Hundred and Fifty-first Regiment of Volunteers

Held in Memorial Hall Today—An Excellent Dinner Served at Noon by the Ladies of the Relief Corps.

Enthusied by the martial music of pipe and drum, and inspired with renewed patriotism by the sight of the stars and stripes unfurled above their gray hairs, the surviving veterans of the one hundred and fifty-first regiment, Ohio volunteer infantry, captured Lima today, and will encamp in memorial hall tonight. The meeting is the 12th annual reunion of the organization and there was a large attendance of the surviving members. The role of honor on which appears the names of the departed comrades is rapidly growing longer, while the ranks of the survivors constantly grows smaller, ten deaths having been reported during the last year, and the members are frequently reminded that the day must soon come when the good old "Hundred and Fifty-first" will have passed into history.

The veterans met at the memorial hall at 10 o'clock where the stirring strains of "The Girl I Left Behind" were played by the Harrod drum corps and the Lora family drum corps of Beavertown. The latter organization, C. Lora and three sons, has been adopted as the regimental drum corps. The meeting was called to order at 10:40 o'clock, and an opening address was delivered by the president of the organization, Mr. E. G. Waltz, of this city. After this address, business matters of the regiment occupied the attention of those in attendance until noon, when an adjournment for dinner was taken. Dinner was served by the ladies of the local branch of the Woman's Relief Corps, No. 94, in the city council chamber, and a very excellent dinner it was. The ladies were complimented by all for the splendid manner in which the meal was served. The veterans met again at 2 o'clock this afternoon, and again took up a formal program of both business and entertainment, including an election of officers. The session will continue tonight, commencing at 7 o'clock and the program will be as follows: Call to order by President. Music by the Beaver Dam Kid Drum Corps. Music by audience.

ADDRESS BY T. P. JOHNSON.

Address by T. P. Johnson. Music. Solo. Address by T. M. Jones. Music "America" General camp-fire. Address by Rev. O. W. Anderson. Music. Unfinished or new business. Report of secretary and treasurer. "ROLLING IN WEALTH"

is not the lot of many men, even in these prosperous times; but a competence will come to most who bank their savings, especially when interest is added, as is the case with our depositors. We accept deposits as small as \$1.00, and pay interest thereon at the rate of 4 per cent annually. It won't be a year hence when you will thank us for telling you this if you decide to get a bank book here today.
